

# Technology & Product Overview

**under** glass<sup>®</sup> technology

The background features several overlapping white curved lines on a dark blue background, creating a sense of depth and movement. The lines are thin and elegant, some forming partial circles or arcs that intersect and overlap.

# Welcome

Let us take you on a journey through a world of **smart dispensing systems** for professionals as well as for the private use within the HealthCare, Cosmetic, Veterinary, Podiatry and Dental Market

Functionality, simplicity, intuition and ease-of-use is in the DNA of our **smart dispensing systems**.

# We do dispensing systems...

1

## ...with an ultimate barrier function

wherever regular polymer devices fail in terms of stability, our device-portfolio provides dispensing systems that manage to resist even to the most aggressive contents

2

## for a wide range of applications like...

Dental

Veterinary

Podiatry

Skincare

Cosmetic

Woundcare

3

## with cost efficiency...

...while cost always matters, we create dispensing systems consisting of less parts to simplify the entire production process

The background features several thin, white, curved lines that intersect and sweep across the left side of the frame, creating a sense of motion and depth. The lines are set against a solid, dark blue background.

# Technology & Devices

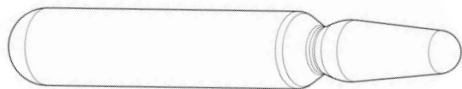

# Technology base

## Onionskin

ultra thin colapsable glass capsule  
standard of 0,8mL fill size

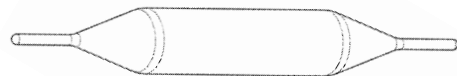

---

## ampule

glass ampule  
standard of 0,5mL – 15mL fill size

---

## Bitip

dual-tip glass capsules  
standard from 1,0mL – 20mL fill size

# Onionskin

ultra thin colapsable glass capsule, standard of 0,8mL fill size

crush

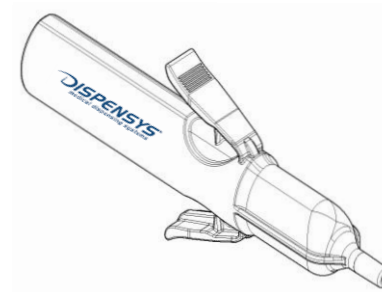

●●○ 212-00500

- luer luer cone
- ↻ replacable cartridge
- ✋ single hand use
- 2 unidose
- <> squeezable
- 2K dual chamber or Lyophilisates
- 📄 multidose by using a cap

-  multidose by using a cap

The background features several white, curved lines that intersect and sweep across the left side of the frame, creating a sense of motion and depth. The lines vary in thickness and curvature, some appearing as thin arcs while others are more substantial. The overall aesthetic is clean and modern, typical of a corporate presentation.

# Services

- Create your own dispensing device based on our core technology
- Filling service is provided on request
- Turn-key solutions are available
- We do support customers in-house-filling
